Over the years and working in the companies mentioned above I have gained experience in multiple tools and the usage of those and have or had helped me attain the and ability to work for the needs and deeds of the organization in VM and SOC / SIEM.

As a Senior Cyber Security Analyst at Rippling via wearephaedon a loyalty program oriented company of major Hotel Chains of the World, I was responsible for VM, SOC Alert, FW Whitelist and Rules Fine Tuning. Some of the outcomes of my cybersecurity efforts were to streamline VM program for better infra fine tuning and Audit Assistance.

I have attached my resume for you to learn more about my work expertise and my education qualification, are BSC in Hotel Management, +2 in ISC & 10th in ICSE.

SINCERELY,
